CLASS C1 EUR SHARES – ISIN: MT7000029013 – ONE UP FUND, A SUB-FUND OF AMA UCITS SICAV PLC (SV 355)

The Sub-Fund is managed by Amagis Capital Management Ltd (C 63765), a company forming part of the Amagis Capital group of companies, licensed by the MFSA as UCITS Management Company and AIFM.

OBJECTIVES AND INVESTMENT POLICY

The Sub-Fund shall seek to achieve its objective by investing in a portfolio of diverse asset classes including, but not limited to, equity securities and debt securities, both direct and indirect (which will be achieved through the use of Financial Derivative Instruments ('FDIs')) without any restriction on the markets and/ or industries to be targeted. The Investment Manager shall construct such portfolio of assets which allocation between the different asset classes, through use of a combination of investment strategies, to seek to achieve absolute positive returns and minimise the impact of market volatility

The Sub-Fund seeks to be invested for a portion not above 100% of the Sub Fund's Net Assets in equities (and equity related instruments) of listed companies operating principally United States and Europe. The Sub-Fund may also gain exposure to companies operating in global emerging markets. In addition, the Sub-Fund aims to invest in long and short positions in large, mid and small capitalisation companies where available liquidity is consistent with risk management controls and underlying liquidity requirements. Positions in other equity related instruments for the purpose of hedging or managing the overall risk of the portfolio, or to enhance returns may also be undertaken by the Investment Manager on behalf of the Sub-Fund. The equity positions and the equity related instruments mentioned above shall include, without limitation, shares and preference shares.

Options on single stocks or ETFs will be acquired or sold as a strategic complement for additional income (net selling of time value or implicit volatility) and mid-to-long term leverage. Options common strategy combos will be present discretionally in the portfolio: long calls, diagonal calls, covered calls, written puts,

vertical or calendar spreads, or a combination of the previous. Options strategies positioning will be mostly neutral-to-bullish. A lesser portion of bearish positions will be used as a partial hedge or reduction on regard to total exposure to the equity markets. As a hedge the Sub-fund will have up to 10% allocation overall of hedging strategies using options on VIX (e.g. long calls on VIX or similar products), precious metals related instruments (e.g. long calls on GLD or similar products), index related instruments (e.g. long puts on index ETFs or equivalent instruments)

The Sub-Fund may also invest, up to 20% of its net assets, in global debt securities issued by governments, corporates, agencies and supranational entities. Such securities might be fixed or floating rate notes, senior or subordinated, structured notes, convertible bonds and any other debt securities. Such debt securities shall be rated at least BBB- by Standard & Poor's Corporation or Baa3 by Moody's Investor Services Incorporated. Any debt securities rated less than 'Investment grade' or not rated at all by rating agencies (e.g. Standard & Poor's, Moody's, Fitch) may not exceed 10% of the Sub-Fund's net assets. The Sub-Fund may use FDIs in relation to the asset classes outlined above, such as, but not limited to, futures, forwards, foreign exchange contracts (including spot and forward contracts) and options for efficient portfolio management or investment purposes. In addition, the Sub-Fund may also, on an ancillary basis, invest singularly up to 10% of its net assets in units of other UCITS, exchange traded funds and/ or other collective investment schemes. The Sub-Fund intends to re-invest any income realised. No dividends are intended to be paid by the Sub-Fund to investors. Investor may redeem units of UCITS on demand and the Sub-Fund will provide on demand weekly liquidity to investors.

RISK AND REWARD PROFILE

The indicator measures the risk of the Sub-Fund, this means that basing on the investment objectives and policies of the Sub-Fund set out above, the purchase of units in the Sub-Fund is connected to **medium-high risk** of such fluctuations. The Sub-Fund falls within risk category six (6) out of seven (7).

Please note that Category 1 does not mean a risk-free investment. Historical data, such as is used in calculating the indicator, may not be a reliable indication of the future risk profile of the UCITS, as the category might change in the future.

The following risks are materially relevant to the UCITS but are not adequately captured by the synthetic indicator and may cause additional loss:

- **Event risk:** Unforeseeable events such as devaluations, political events, etc.
- **Liquidity risk:** Securities in the Sub-Fund may be sold below their valuation due to insufficient liquidity in the market.
- **Operational risk:** Failures or delays in operational processes may negatively affect the Sub-Fund.
- **Credit risk:** The default of the issuer of a debt instrument held by the Sub-Fund.
- **Interest Rate risk:** Changes to the interest rates shall inversely affect the value of the debt instrument.

This Risk and Reward section is not a guarantee that it will remain unchanged. A more detailed description of risk factors that apply to this Sub-Fund is set out in the relevant Offering Memorandum relating to AMA UCITS SICAV plc and the Offering Supplement of the Sub-Fund in the section headed "Risk Warnings".
